

Machine walk behind traction by the brush

Battery autonomy 2h + power cable

Battery 24V 40Ah Lithium

Cleaning width 345mm

Solution tank / recovery tank 15 / 16 l

Disc brush 345mm/14"

Brush pressure 25 kg

Brush speed 170 rpm

Theoretical working capacity

## 1240 m<sup>2</sup>/h

The Onyx 35 Li is available in battery version powered by one 24V 40Ah, lithium battery with incorporated battery charger.

It is possible the functions to scrub and to charge the battery at the same time.

Total eco friendly design for healthy interiors. The most confined areas are no problem for the unit. Thanks to the high battery capacity, the machine can work for more than two hours. At the end of the charge it is possible to work and simultaneously charge the batteries by plugging the power cable (20m) to the on-board battery charger.

Strong points :

- Handling and ergonomic
- Battery Lithium = 2h autonomy
- Quality of suction = perfect dry floor
- Quick charging of battery
- Power cable 20m delivered standard

Squeegee width	410mm
Traction	by the brush
Brush motor	200 Watt
Maximum gradient	2%
Suction motor	200 Watt
Suction vacuum	90 mbar

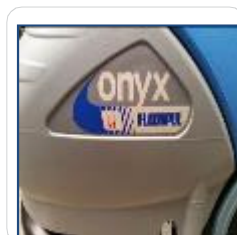

#### Machine dimensions

Length	757 mm
Width (with squeegee)	415 mm
Height	550 mm

#### Battery compartment

Length	257 mm
Width	205 mm
Height	215 mm

Class	I
Protection level	IP 23
Noise level	66,8 dB(A)
