Onyx 35 E

	Machine walk behind traction by the brush
	Battery autonomy ○○○
	Operating tension 230V – 50 Hz
	Cleaning width 345mm
	Solution tank / recovery tank 12.5 l / 13.5 l
	Disc brush 1 x 345 mm
	Brush pressure 30 kg
	Brush speed 145 rpm

Theoretical working capacity

1240 m² /h

The Onyx 35 E , single disc cable-fed.

This model is suitable to clean floors in small surroundings, such as offices, shops, laboratories, restaurants and all other environments that present narrow passages. The recovery tank is removable and can be emptied easily and cleaned instantly.

The Onyx 35 E is equipped with a strong squeegee ensuring a perfect drying result, it has a quick uncoupling for the rear squeegee rubber and a simple adjustment of the handle bar for easy transport. It has the possibility to vertically park the machine after having emptied the tanks. This position reduces parking volume and enables easy maintenance on the brush and the squeegee.

Squeegee width	410mm
Brush motor	450 Watt
Type of drive	semi-automatic
Maximum gradient	2%
Suction motor	190 Watt
Suction vacuum	70 mbar
Power supply	230V/50 Hz

Machine dimensions

Length	685 mm
Width (with squeegee)	415mm
Height	490 mm

Class	I
Protection level	IP 23
Noise level	< 70 dB(A)
